

The scientific fields of interests are security sciences.

In his practices he includes security theory, development of the national security system, places of the armed forces in democratic state, development of the armed forces.

In security management he engages in military preparation topics, including administration, as well as military administration issues, with the focus on cooperation between military and civilian administration areas in the field of national security.

Many of his practices are related to human resource management in the Polish Armed Forces and in guards, services and inspections.

On international issues Professor Ryszard Szynowski focuses on Eastern Europe, especially the Russian Federation.

The research project contribution:

Preparation and use of human potential in creating Poland's national security in the 21st century. Research work under the direction of J. Buczyński. National Defense University, Warsaw 2007. AON library number reference number S / 7056. Own study: Section 1.3. Social threats affecting the preparation and use of human potential in creating national security pp. 16-42, sub-chapter 1.4. The impact of social threats on the use of human potential on the example of the Armed Forces of the Republic of Poland pp. 42-56, subsection 3.7.2. Attitudes of public administration employees performing defense tasks and employing former professional soldiers in public administration and in positions related to national defense pp. 161-173, subsection 4.3. Vocational education and development in the Polish Armed Forces. Current status and prospects pp. 212-218 (58 pages), (total 252 pages).

Diagnosis of the defense needs of the state in the context of managing human resources "RESOURCE - 1". Research work under the direction of R. Szynowski. National Defense University, Warsaw 2008. Library number AON S / 7288. Own elaboration: Introduction pp. 4-7, chapter 1. The concept and essence of diagnosis pp. 8-24, chapter 3. Human resources management pp. 79-106, end pp. 107-113 (46 pages), (total 119 pages).

The concept of effective management of personal resources for the defense needs of the state. RESOURCE-II. Research work under the direction of R. Szynowski. National Defense University, Warsaw 2009. Library number AON S / 7681 part. 2. Own elaboration: Introduction p. 5-8, chapter 1. The essence and concept of the forecast p. 9-21, chapter 2. Determinants of personal resources management for the security of the state p. 22-40, subsection Model of training of personnel bodies in accordance with the needs professionalization of the Armed Forces of the Republic of Poland.

SZ Personnel Training - Model. Research work under the direction of science. Z. Smutniak. National Defense University, Warsaw 2009. Library number AON S / 7703. Own study: Chapter

Model of supplementing the personal states of the Armed Forces of the Republic of Poland in conditions of professionalization. SZ resource - Model. Research work under the direction of science. R. Szyński. National Defence Academy. Warsaw 2010. Own elaboration: Introduction pp. 4-6, chapter 1. Theoretical assumptions of the elaboration p. 7-17, chapter 4. (co-author A. Jakubik) Changes in the system of supplementing personal states in selected NATO countries in connection with their professionalization 43-57, ending pp. 82-83. Library No. AON S / 7681 (28 pages), (total 93 pages).

Organizational and legal aspects of civil protection and civil defense in the Republic of Poland in the 21st century in the light of domestic and foreign experience. OPOL. Research work under the direction of science. B. Wiśniewski, deputy team leader R. Szyński. University of Administration, Faculty of Administration, Bielsko-Biała 2010. Library number of the University of Administration 16803bpa, 16804bpa, 16805bpa. Own study: section 4.4. Conclusions from the experience of other countries pp. 98-100, section 5.3. Conclusions, directions and scope of necessary changes pp. 104-106, Annex 3 Report on expert research pp. 187-190 (8 pages), (total 204 pages).

Model of functioning of military administration in the conditions of professionalization of the Polish Armed Forces. Research work under the direction of R. Szyński. National Defense University, Warsaw 2011. Library number AON S / 8012. Own elaboration: introduction p. 4-6, chapter 1. Theoretical and methodological assumptions p. 6-40, subchapters: 2.2. Determinants of the professionalization of the Polish Armed Forces pp. 16-24, 2.3. Legal grounds for professionalization pp. 25-30, 2.4.
